### **SURGE SUPPRESSION INCORPORATED® CELEBRATES 25<sup>TH</sup> ANNIVERSARY SPD Industry Leader has Successful History**

Surge Suppression Incorporated® announced today that it is celebrating its 25<sup>th</sup> year in the SPD business in 2007. Founded in August of 1982 SSI began as a two-man company representing another manufacturer. Over the 25 years, SSI has grown to become one of the top 10 SPD manufacturers in the US, and occupies a position of leadership in SPD design and application innovation.

SSI's Corporate/Sales offices are located in Destin, Florida and its engineering and manufacturing facility is located in Brooksville, Florida.

SSI's product line includes devices for AC power applications up to 7200VAC, data line and telephone line protectors, single circuit devices up to 480VAC as well as an array of DC voltage products.
