Bobby Gardner  
Surge Suppression, Inc.  
970 Russ Cove  
Southaven, MS 38671

Dear Bobby,

It has been over a year since I had your surge suppressers installed at the Full House Exxon. I can say they have done what you promised. We have suffered no shutdowns or damage to any equipment during this time even though we have had numerous storms in the area. In 1998 and again in 1999 we had been hit with considerable damage and interruptions each time. The hard costs were a minimum of my \$1,000 deductible each time plus the soft costs associated with business interruption.

Feel free to have anyone contact me as to the viability of your surge suppresser system. They may contact me at my office in Tennessee 901-853-6686.

Regards,

  
Jim Anglin
