FOR IMMEDIATE RELEASE

Surge Suppression, LLC – (SSI) Announces New Location in Brooksville, Florida

Brooksville, Florida, September 1, 2017 – **Surge Suppression, LLC – (SSI), An ILSCO Company, announces new location in Hernando County, Florida.** SSI is moving to a new location within the Hernando County Airport Industrial Park on October 1, 2017.

Per SSI President, Richard Hotchkiss, Jr., “SSI is significantly expanding its operations. The new facility more than doubles the space of our current location. This new facility will allow us to significantly increase our production capacity as we expand our product lines, and open new markets both within the U.S. and internationally. We are particularly excited about the new opportunities we are able to pursue based on the expanded capacity. We are looking forward to significant growth in revenue and employment opportunities in the local market.”

SSI is an industry leading manufacturer of high-quality Surge Protective Devices (SPDs) with roots in Hernando County dating back to 1982. SSI manufactures multiple lines of SPDs for both AC, DC and Medium Voltage Power Systems, a variety of Data and Telecommunication Protection Systems, and client driven custom solutions for any type of Surge Protection need.

SSI’s new facility is located at 16041 Flight Path Drive, Brooksville, FL 34604.
