 surgesuppression.com

The “P” option indicates that a flush mount plate is necessary for the installation. The flush mount plate allows the suppressor to be installed in drywall. The plate covers the area that was cut-out to install the suppressor. The flush mount plates are currently available for the NEMA 12 steel enclosures with nominal sizes (inches) of 10x8, 8x6, 7x5, 6x4, Advantage Plastic, and RES enclosures. Other sizes can be made as needed.

The plates are attached to the unit using the pre-existing lid hardware already included with the unit making installation a breeze.

Unit size	Ext. Length = A	Ext. Width = B	Int. Length = A	Int. Width = B
10x8	14.50"	11.72"	9.77"	7.77"
8x6	12.54"	9.79"	7.78"	5.78"
7x5	11.03"	7.78"	6.78"	4.78"
6x4	10.00"	6.75"	5.75"	3.75"
Advantage Plastic	12.18"	7.67"	7.93"	4.67"
RES	10.00"	6.35"	5.50"	3.10"

Picture is not to scale. Actual plate size is dependant upon unit specifications.
