The X Option is a Box-in-Box type composite enclosure. This option uses the box-in-a-box method. That is, the standard suppressor is mounted on a back plate within the composite housing. This option is intended for NEMA 4X type installations and is available for units up to S/CSMB20 for seven mode products and S/CRMB10 on four mode products.

Terminal Wire Range: #10 – #4 AWG

Shipping Weight:
The shipping weight is dependent on
the module and options ordered.
